SHORT BIO

Elena Manferdini, principal and owner of Atelier Manferdini, has twenty years of professional experience in architecture, public art, design, and education. Elena currently teaches at the Southern California Institute of Architecture (SCI-Arc) and is the Graduate Programs Chair. In 2019 Manferdini was honored with the ICON Award as part of the LA Design Festival, which is a prize that recognizes iconic women who have made an indelible mark on Los Angeles, culture, and society in general through their work, character, and creative leadership. With a body of work that spans art, architecture, and industrial design, her eponymous atelier has created work on over three continents that uplift the human spirit. Elena Manferdini loves art, creativity and inventions, she deeply believes in the positive power of education and creative collaborations.

Elena Manferdini è risultata vincitrice del Bando “Call for selection 2021 DICAM - Visiting Fellows Excellent Departments Project” presso il Dipartimento di Ingegneria Civile, Chimica, Ambientale e dei Materiali (DICAM).
